Description

This 2017 Nissan Leaf Acenta offers a practical entry into electric motoring with a clear vehicle history and a low mileage of 42,670 miles for its age. As an all-electric vehicle, it is equipped with a 30 kWh battery that provided a range of 153 miles when new. The Acenta trim includes a 6.6 kW on-board charger, which allows for efficient home and public charging at 32 amps. Inside, the cabin features the NissanConnect EV telematics system, which integrates Bluetooth telephone connectivity and a rear-view camera to assist with parking. Comfort is managed by an energy-efficient digital auto air conditioning system that includes climate control., , The charging capabilities of this model make it a convenient choice for daily use, as it can reach an 80 percent charge in just 30 minutes using a fast public charger, or fully charge at home in 9 hours with a 7kW unit.
